

IT'S NOT JUST A COOLER.
IT'S ENGINEERED FROM WITHIN.

Model Name
NEXO 80 JR.

Capacity (LTR)
80 LITRE

Description
12", Honeycomb

Motor Specification :
**Motor with ball bearing,
Auto Swing**

LOOK INSIDE.
This is the Tashu Difference.

- Heavy-Duty Shell Motor: Engineered for tough conditions.
- Heat Sync Technology: Better heat dissipation.
- Ball Bearing Technology: Smooth & reliable operation.
- Low Noise Motor: Quieter cooling experience.

North India Ka Saathi

**LOOK INSIDE.
This is the Tashu Difference.**

- Heavy-Duty Shell Motor: Engineered for tough conditions.
- Heat Sync Technology: Better heat dissipation.
- Ball Bearing Technology: Smooth & reliable operation.
- Low Noise Motor: Quieter cooling experience.

North India Ka Saathi

Model Name : **KYOTO 80 PT**

Capacity (LTR) : **80 LITRE**

Description : **14" Honeycomb, 3 Side, with Ice Chamber**

Motor Specification : **Reversible motor with ball bearing, Auto Swing**

IT'S NOT JUST A COOLER.
IT'S ENGINEERED FROM WITHIN.

Model Name
RIO 80

Capacity (LTR)
80 LITRE

Description
16", Honeycomb, 3 Side

Motor Specification :
**Motor with ball bearing,
Auto Swing**

**LOOK INSIDE.
This is the Tashu Difference.**

- Heavy-Duty Shell Motor: Engineered for tough conditions.
- Heat Sync Technology: Better heat dissipation.
- Ball Bearing Technology: Smooth & reliable operation.
- Low Noise Motor: Quieter cooling experience.

North India Ka Saathi

**LOOK INSIDE.
This is the Tashu Difference.**

- Heavy-Duty Shell Motor: Engineered for tough conditions.
- Heat Sync Technology: Better heat dissipation.
- Ball Bearing Technology: Smooth & reliable operation.
- Low Noise Motor: Quieter cooling experience.

North India Ka Saathi

Model Name : **AURA 120 PT**

Capacity (LTR) : **100 LITRE**

Description : **16" Honeycomb, 3 Side, with Ice Chamber**

Motor Specification : **Reversible motor with ball bearing, Auto Swing**

**LOOK INSIDE.
This is the Tashu Difference.**

- Heavy-Duty Shell Motor: Engineered for tough conditions.
- Heat Sync Technology: Better heat dissipation.
- Ball Bearing Technology: Smooth & reliable operation.
- Low Noise Motor: Quieter cooling experience.

North India Ka Saathi

Model Name : **NEXO 120 DLX**

Capacity (LTR) : **100 LITRE**

Description : **18", Honeycomb**

Motor Specification : **Shell motor with ball bearing, Auto Swing**

**LOOK INSIDE.
This is the Tashu Difference.**

- Heavy-Duty Shell Motor: Engineered for tough conditions.
- Heat Sync Technology: Better heat dissipation.
- Ball Bearing Technology: Smooth & reliable operation.
- Low Noise Motor: Quieter cooling experience.

North India Ka Saathi

Model Name : **LEO 120 DLX**

Capacity (LTR) : **100 LITRE**

Description : **18", Honeycomb**

Motor Specification : **Shell motor with ball bearing, Auto Swing**

IT'S NOT JUST A COOLER.
IT'S ENGINEERED FROM WITHIN.

Model Name
NINJA 160 DLX

Capacity (LTR)
125 LITRE

Description
20" Honeycomb, 3 Side

Motor Specification :
**Reversible motor with
ball bearing, Auto Swing**

LOOK INSIDE.
This is the Tashu Difference.

- Heavy-Duty Shell Motor:
Engineered for tough conditions. -
- Heat Sync Technology: Better
heat dissipation.
- Ball Bearing Technology: Smooth
& reliable operation.
- Low Noise Motor: Quieter cooling
experience.

North India Ka Saathi

**LOOK INSIDE.
This is the Tashu Difference.**

- Heavy-Duty Shell Motor: Engineered for tough conditions.
- Heat Sync Technology: Better heat dissipation.
- Ball Bearing Technology: Smooth & reliable operation.
- Low Noise Motor: Quieter cooling experience.

North India Ka Saathi

Model Name : **TASHU 160 ST**

Capacity (LTR) : **150 LITRE**

Description : **22", Honeycomb**

Motor Specification : **Power Packed
Fan Motor, Auto Swing**

**LOOK INSIDE.
This is the Tashu Difference.**

- Heavy-Duty Shell Motor: Engineered for tough conditions.
- Heat Sync Technology: Better heat dissipation.
- Ball Bearing Technology: Smooth & reliable operation.
- Low Noise Motor: Quieter cooling experience.

North India Ka Saathi

Model Name : **TERMINATOR 160 DLX**

Capacity (LTR) : **125 LITRE**

Description : **22", Honeycomb**

Motor Specification : **H-Frame Shell motor with ball bearing, Auto Swing**

IT'S NOT JUST A COOLER.
IT'S ENGINEERED FROM WITHIN.

Model Name
**TERMINATOR 160
MAXX DLX**

Capacity (LTR)
125 LITRE

Description
**22" Honeycomb, 3
Side**

Motor Specification :
**H-Frame Shell
motor with ball
bearing, Auto Swing**

**LOOK INSIDE.
This is the Tashu Difference.**

- Heavy-Duty Shell Motor:
Engineered for tough conditions. -
- Heat Sync Technology: Better
heat dissipation.
- Ball Bearing Technology: Smooth
& reliable operation.
- Low Noise Motor: Quieter cooling
experience.

North India Ka Saathi

**LOOK INSIDE.
This is the Tashu Difference.**

- Heavy-Duty Shell Motor: Engineered for tough conditions.
- Heat Sync Technology: Better heat dissipation.
- Ball Bearing Technology: Smooth & reliable operation.
- Low Noise Motor: Quieter cooling experience.

North India Ka Saathi

Model Name : **RANGER 200**

Capacity (LTR) : **200 LITRE**

Description : **22", Honeycomb**

Motor Specification : **H-Frame motor
with ball bearing, Auto Swing**

IT'S NOT JUST A COOLER.
IT'S ENGINEERED FROM WITHIN.

Model Name
MAXIMA 200

Capacity (LTR)
200 LITRE

Description
**22" Honeycomb, 3
Side, with Ice
Chamber**

Motor Specification :
**Reversible motor
with ball bearing,
Auto Swing**

**LOOK INSIDE.
This is the Tashu Difference.**

- Heavy-Duty Shell Motor: Engineered for tough conditions.
- Heat Sync Technology: Better heat dissipation.
- Ball Bearing Technology: Smooth & reliable operation.
- Low Noise Motor: Quieter cooling experience.

North India Ka Saathi

**LOOK INSIDE.
This is the Tashu Difference.**

- Heavy-Duty Shell Motor: Engineered for tough conditions.
- Heat Sync Technology: Better heat dissipation.
- Ball Bearing Technology: Smooth & reliable operation.
- Low Noise Motor: Quieter cooling experience.

North India Ka Saathi

Model Name : **RHINO 180**

Capacity (LTR) : **150 LITRE**

Description : **24", Honeycomb**

Motor Specification : **H-Frame Shell motor with ball bearing**

**LOOK INSIDE.
This is the Tashu Difference.**

- Heavy-Duty Shell Motor: Engineered for tough conditions.
- Heat Sync Technology: Better heat dissipation.
- Ball Bearing Technology: Smooth & reliable operation.
- Low Noise Motor: Quieter cooling experience.

North India Ka Saathi

Model Name : **PANTHER 200**

Capacity (LTR) : **150 LITRE**

Description : **30" TENT**

Motor Specification : **H-Frame Shell motor with ball bearing**
